

Publications of Herbert E Wright

compiled by Cathy Jenks and John Birks

1943

Wright HE. Cerro Colorado, an isolated non-basaltic volcano in central New Mexico. *Bulletin of the Geological Society of America* 241: 43-56.

1946

Wright HE. Sand grains and periglacial climate: a review. *Journal of Geology* 54: 200-205.

Wright HE. Tertiary and Quaternary geology of the Lower Rio Puerco Area, New Mexico. *Geological Society of America Bulletin* 57: 383-456.

1947

Wright HE. Marine terraces of the coast of Lebanon. *Geological Society of America Bulletin* 58: 1242.

1951

Wright HE. Geologic setting of Ksar 'Akil, a Paleolithic site in Lebanon: preliminary report. *Journal of Near Eastern Studies* 10: 115-119.

Wright HE. Opal cement in thick Tertiary eolian sandstone, Chuska Mountains, Arizona-New Mexico. *Geological Society of America Bulletin* 62: 1492.

Wright HE and Becker RM. Correlation of Jurassic formations along Defiance monocline, Arizona-New Mexico. *American Association of Petroleum Geologists Bulletin* 35: 607-614.

1952

Wright HE. Cary and Mankato glaciation in central and northeastern Minnesota. *Geological Society of America Bulletin* 63: 1316.

Wright HE. The geological setting of four prehistoric sites in northeastern Iraq. *Bulletin of the American Schools of Oriental Research* 128: 11-24.

1953

Wright HE. Glacial history of the Mentasta Mountains, southeastern Alaska Range. *Geological Society of America Bulletin* 64: 1495.

Wright HE. Interbedded Cary drifts near Minneapolis, Minnesota. *Journal of Geology* 61: 465-471.

Wright HE. Symposium. Dating the Past. Geologic dating and the timescale of the ice age. *Minnesota Academy of Science Proceedings* 21: 42-46.

1954

Wright HE. Problem of Tohatchi formation, Chuska Mountain, Arizona-New Mexico. *American Association of Petroleum Geologists Bulletin* 38: 1827-1834.

Wright HE. News & Notes: Friends of the Pleistocene. *Science* 120: 332-332.

1955

Wright HE. Valdres drift in Minnesota. *Journal of Geology* 63: 403-411.

1956

Wright HE. Origin of the Chuska sandstone, Arizona-New Mexico - A structural and petrographic study of a Tertiary eolian sediment. *Geological Society of America Bulletin* 67: 413-434.

Wright HE. Sequence of glaciation in eastern Minnesota. *Geological Society of America Guidebook, Minneapolis Meeting Guidebook Field Trip 3*: 1-24.

Wright HE and Rubin M. Radiocarbon dates of Mankato drift in Minnesota. *Science* 124: 625-626.

1957

Appeldorn CR and Wright HE. Volcanic structures in the Chuska Mountains, Navajo Reservation, Arizona-New Mexico. *Geological Society of America Bulletin* 68: 445-468.

Wright HE. Geology. In: Taylor W (ed.) *The Identification of Non-Archaeological Materials*. Washington: National Academy of Sciences Publication 565, 50-51.

Wright HE. Radiocarbon dates of Mankato drift in Minnesota. *Science* 125: 1038-1039.

Wright HE. Stone orientation in the Wadena drumlin field, Minnesota. *Geografiska Annaler* 39: 19-31.

Wright HE. The Late-Glacial chronology of Europe - a discussion. *American Journal of Science* 255: 477-480.

1958

Wright HE. Geologic dating in prehistory. *Archaeology* 11: 19-25.

Wright HE (translation of Troll, C. 1944). *Structure soils, solifluction, and frost climates of the earth (Strukturböden, Solifluktion, und Frostklimate der Erde)*, Wilmette, Illinois: US Army Snow, Ice, and Permafrost Establishment, Corps of Engineers.

1959

Arneman HF and Wright HE. Petrography of some Minnesota tills. *Journal of Sedimentary Petrology* 29: 540-554.

Wright HE, (translation of Büdel, J. 1951). Climatic zones of the Pleistocene (Die Klimazonen des Eiszeitalters). *International Geology Review* 1: 72-79.

Wright HE and Alt D, (translation of Büdel, J. 1953). The 'periglacial'-morphological effects of the Pleistocene climate over the entire world (Die 'periglazial'-morphologische Wirkungen de Eiszeitklimas auf der ganzen Erde). *International Geology Review* 1: 1-16.

1960

Wright HE. Climate and prehistoric man in the eastern Mediterranean. In: Braidwood RJ and Howe B (eds) *Prehistoric Investigations in Iraqi Kurdistan*. Chicago: University of Chicago Press, 71-97.

1961

Fries M, Wright HE and Rubin M. A late Wisconsin buried peat at North Branch, Minnesota. *American Journal of Science* 259: 679-693.

Wright HE. Late Pleistocene climate of Europe: a review. *Geological Society of America Bulletin* 72: 933-984.

Wright HE. Late Pleistocene soil development, glaciation, and cultural change in the eastern Mediterranean region. *Annals of the New York Academy of Sciences* 95: 718-728.

Wright HE. Pleistocene glaciation in Kurdistan. *Eiszeitalter und Gegenwart* 12: 134-164.

1962

Wright HE. Role of the Wadena lobe in the Wisconsin glaciation of Minnesota. *Geological Society of America Bulletin* 73: 73-100.

1963

Bent AM and Wright HE. Pollen analysis of surface materials and lake sediments from the Chuska Mountains, New Mexico. *Geological Society of America Bulletin* 74: 491-500.

van Zeist W and Wright HE. Preliminary pollen studies of Lake Zeribar, Zagros Mountains, southwestern Iran. *Science* 140: 65-67.

Watson RA and Wright HE. Landslides on the east flank of the Chuska Mountains, northwestern New Mexico. *American Journal of Science* 261: 525-548.

Wright HE. Climatic change in the Zagros Mountains - revisited. In: Braidwood LS, Braidwood RJ, Howe B, et al. (eds) *Prehistoric Archaeology Along the Zagros Flanks*. Chicago: Oriental Institute, 505-506.

Wright HE and Patten HL. The pollen sum. *Pollen et Spores* 5: 445-450.

Wright HE, Winter TC and Patten HL. Two pollen diagrams from southeastern Minnesota: problems in the regional late-Glacial and Postglacial vegetational history. *Geological Society of America Bulletin* 74: 1371-1396.

1964

Farnham RS, McAndrews JH and Wright HE. A late-Wisconsin buried soil near Aitkin, Minnesota, and its paleobotanical setting. *American Journal of Science* 262: 393-412.

Wright HE. Aspects of the early post-glacial forest succession in the Great Lakes region. *Ecology* 45: 439-448.

Wright, H.E. Late Quaternary climates and early Man in the mountains of Kurdistan. In: *Report of the VI International Congress on Quaternary, Volume 2: Palaeoclimatological Section*, Łódź, Warsaw, 341-348.

Wright HE. Origin of the lakes in the Chuska Mountains, northwestern New Mexico. *Geological Society of America Bulletin* 75: 589-597.

Wright HE. The classification of the Wisconsin glacial stage. *Journal of Geology* 72: 628-637.

1965

Cushing EJ and Wright HE. Hand-operated corers for lake sediments. *Ecology* 46: 380-384.

Wright HE. Origin of the lakes in the Chuska Mountains, northwestern New Mexico: Reply. *Geological Society of America Bulletin* 76: 269-270.

Wright HE and Frey DG (eds). *The Quaternary of the United States. A review volume for the VII Congress of the International Association for Quaternary Research*. Princeton, NJ: Princeton University Press, 922 pp.

Wright HE and Ruhe RV. Glaciation of Minnesota and Iowa. In: Wright HE and Frey DG (eds) *The Quaternary of the United States*, Princeton, NJ: Princeton University Press, 29-41.

Wright HE, Livingstone DA and Cushing EJ. Coring devices for lake sediments. In: Kummell B and Raup DM (eds) *Handbook of Paleontological Techniques*. San Francisco: WH Freeman, 494-520.

1966

Watts WA and Wright HE. Late-Wisconsin pollen and seed analysis from the Nebraska Sandhills. *Ecology* 47: 202-210.

Wright HE. Stratigraphy of lake sediments and the precision of the paleoclimatic record. In: Sawyer JS (ed) *World Climate from 8000 to 0 BC*. London: Royal Meteorological Society, 157-173.

Wright HE. Book review: Pleistocene Geography. *Ecology* 47: 335-336.

Wright HE and Howell C (eds). Quaternary Studies. Proceedings of the VII Congress of the International Association for Quaternary Research. *Quaternaria*, 314 pp.

Wright HE, Spross B and Watson RA. Pollen analyses of the sediment from sinkhole ponds in the central Kentucky karst. *Bulletin of the National Speleological Society* 28: 185-188.

1967

Cushing EJ and Wright HE (eds). *Quaternary Paleoecology. Proceedings of the VII Congress of the International Association for Quaternary Research*. New Haven: Yale University Press, 440 pp.

Cushing EJ and Wright HE. Introduction. In: Cushing EJ and Wright HE (eds). *Quaternary Paleoecology. Proceedings of the VII Congress of the International Association for Quaternary Research*. New Haven: Yale University Press, 1-8.

Martin PS and Wright HE (eds). *Pleistocene Extinctions. The Search for a Cause. Proceedings of the VII Congress of the International Association for Quaternary Research*. New Haven: Yale University Press, 453 pp.

Matsch CL and Wright HE. The southern outlet of Lake Agassiz. In: Mayer-Oakes WJ (ed) *Life, Land, and Water*. Winnipeg: University of Manitoba, 121-140.

Morrison RB and Wright HE (eds). *Quaternary Soils. Proceedings of the VII Congress of the International Association for Quaternary Research*. Desert Research Institute, University of Nevada, 338 pp.

Osburn WH and Wright HE (eds). *Arctic and Alpine Environments. Proceedings of the VII Congress of the International Association for Quaternary Research*. Bloomington: Indiana University Press, 308 pp.

van Zeist M and Wright HE. Über probleme der Vegetation und Pollenanalyse in Minnesota und angrenzenden gebieten (USA). In: Tüxen R (ed) *Pflanzensoziologie und Palynologie*. Netherlands: Springer, 121-133.

Wright HE. A square-rod piston sampler for lake sediments. *Journal of Sedimentary Petrology* 37: 975-976.

Wright HE. The use of surface samples in Quaternary pollen analysis. *Review of Palaeobotany and Palynology* 2: 321-330.

Wright HE and Osburn WH. Introduction. In: *Arctic and Alpine Environments. Proceedings of the VII Congress of the International Association for Quaternary Research* Bloomington: Indiana University Press, v-ix.

Wright HE, McAndrews JH and van Zeist W. Modern pollen rain in West Iran, and its relation to plant geography and Quaternary vegetational history. *Journal of Ecology* 55: 415-443.

1968

Morrison RB and Wright HE (eds). *Means of Correlation of Quaternary Successions. Proceedings of the VII Congress of the International Association for Quaternary Research*. University of Utah Press, 631 pp.

Wright HE. Climatic change in Mycenaean Greece. *Antiquity* 42: 123-127.

Wright HE. History of the prairie peninsula. In: *The Quaternary of Illinois*. University of Illinois College of Agriculture Special Publication 14, 78-88.

Wright HE. The natural environment of early food production north of Mesopotamia. *Science* 161: 334-339.

Wright HE. The roles of pine and spruce in the forest history of Minnesota and adjacent areas. *Ecology* 49: 937-955.

Wright HE and Bent AM. Vegetation bands around Dead Man Lake, Chuska Mountains, New Mexico. *American Midland Naturalist* 79: 8-30.

1969

Florin M-B and Wright HE. Diatom evidence for the persistence of stagnant glacial ice in Minnesota. *Geological Society of America Bulletin* 80: 695-704.

McAndrews JH and Wright HE. Modern pollen rain across Wyoming basins and northern Great Plains (USA). *Review of Palaeobotany and Palynology* 9: 17-43.

Osburn WH and Wright HE (eds). *Arctic and Alpine Environments. Proceedings of the VII Congress of the International Association for Quaternary Research*. Indiana University Press, 308 pp.

Watson RA and Wright HE. The Saidmarreh landslide, Iran. *Geological Society of America Special Paper* 123: 115-139.

Wright HE (ed). *Quaternary Geology and Climate. Proceedings of the VII Congress of the International Association for Quaternary Research*. National Academy of Sciences, 310 pp.

Wright HE. Glacial fluctuations and the forest succession in the Lake Superior Area. *Proceedings of the 12th Conference of the International Association for Great Lakes Research*. Ann Arbor, 397-405.

Wright HE. Book review: *Water, Weather, and Prehistory*, by Robert Raikes. *American Anthropologist* 71: 159-161.

Wright HE and Watts WA with contributions by Waddington JCB, Jelgersma S, Ogawa J and Winter TC. Glacial and vegetational history of northeastern Minnesota. *Minnesota Geological Survey* SP-11: 1-59.

1970

Wasylikowa K and Wright HE. Late-glacial plant succession on an abandoned drainageway, northeastern Minnesota, USA. *Acta Palaeobotanica* 2: 23-43.

Wright HE. Environmental changes and the origin of agriculture in the Near East. *BioScience* 20: 210-217.

Wright HE. Vegetational history of the Central Plains. In: Dort W and Jones IK (eds) *Pleistocene and Recent Environments of the Central Great Plains*. Lawrence: Department of Geology, University of Kansas Special Publication 3, 157-172.

Wright HE, Mattson LA and Thomas JA. Geology of the Cloquet Quadrangle, Carlton County, Minnesota. *Geological Map Series* 3: 1-30.

1971

- Wright HE. Late Quaternary vegetational history of North America. In: Turekian KK (ed) *The Late Cenozoic Glacial Ages*. New Haven: Yale University Press, 425-464.
- Wright HE. Retreat of the Laurentide ice sheet from 14,000 to 9000 years ago. *Quaternary Research* 1: 316-330.

1972

- Loy WG and Wright HE. The physical setting. In: McDonald WA and Rapp G (eds) *The Minnesotan Messinia Expedition: Reconstructing a Bronze Age Environment*. Minneapolis: University of Minnesota Press, 36-46.
- Wright HE. Interglacial and postglacial climates: the pollen record. *Quaternary Research* 2: 274-282.
